

## Boiler Vendors and Contractors Matrix

*The Commercial Industrial Boiler Efficiency Program is vendor-neutral. Presence on this list does not imply any endorsement by Enovity, the Commercial Industrial Boiler Efficiency Program or PG&E of products or services provided by these companies. To be included on this list, please contact Enovity at [BoilerEfficiency@enovity.com](mailto:BoilerEfficiency@enovity.com) or by telephone at (415) 983-3648.*

Company		Highlighted Technologies/Specialties		Areas Served	Contact
AHM Associates, Inc.	Since 1956 AHM Associates engineers have been providing combustion, equipment and application advice to California Industry. To better serve our customers in steam production, power, process, and commercial applications, we have added SCR, Water Tube and Fire Tube boilers and energy saving equipment.	Low-NOx Burners	Ultra-Low-NOx Burners	California, Nevada, Arizona, Hawaii	Louis Brizzolara (800) 8LOWNOX lbrizzolara@ahmassoc.com
		Fire-tube Boilers	Water-tube Boilers		Robert Erdmann (510) 785-6670 rerdmann@ahmassoc.com
		Economizers	SCR and Condensing Economizers		www.ahmassoc.com
Ajax Boiler	Ajax Boiler, Inc. designs and manufactures a comprehensive line of boiler and commercial water heating products. With over eight decades of experience, the company offers high quality, heavy duty products with reputations for reliability, serviceability, and cost effective operation.	Inclined water tube boilers	High & low pressure steam boilers	United States and Canada	Joe Marrelli West Coast Sales (714) 437-9050
		Unfired steam boilers	Tanks (Flash, Air Receiver, Expansion, Blow Down)		mail@ajaxboiler.com
		Condensate return and boiler feed systems	High-efficiency condensing boilers		www.ajaxboiler.com
Alliance Industrial Sealing Solutions & MRO Supply Inc	Alliance Industrial Sealing Solutions & MRO Supply Inc. Is the Regional Representative for Shannon Enterprises manufactures of custom-fit, removable, reusable Thermal and Acoustic Blanket Insulation, well known as INSULTECH®	Removable Reusable Thermal Blanket Insulation	Fluid Sealing & MRO Supplies	California and Nevada	Dale Carrier (707) 217-9417 dale@allianceindustrialsolutions.com
		Energy Surveys			www.allianceindustrialsolutions.com
Altex Technologies	Altex is a privately held company, located in the heart of Silicon Valley, California. The company was founded in 1985, to pursue the development of novel fuels processing, combustion and power systems technologies, including fuel cells, direct energy converters and gas turbines. Our mission is to deliver safe, clean, quiet, efficient and cost effective energy and environmental systems to our clients.			California	John Kelly john@altextech.com  altextech.com
Applied Utility Systems, Inc. (AUS)	Since 1985, AUS has engineered, fabricated, installed and commissioned NOx and CO reduction systems for a wide variety of applications and customers. These include: Power Plant Boilers and Gas Turbines, Refinery Process Heaters and Industrial Boilers. In 2006, AUS was acquired by Catalytic Solutions in Oxnard, CA, a catalyst manufacturer.	Special Equipment Applications	Cost-Effective SCR	United States, primarily California and Texas	Robert Bono Modular Sales Manager (949) 307-1265 bbono@auscorp.com
		Products for Fire Tube, Water Tube and Utility Boilers	Engineering Capabilities		www.auscorp.com
Bay City Boiler & Engineering Company, Inc.	Bay City Boiler & Engineering Co. specializes in the boiler industry, providing all services utilizing steam & hot water boilers, pressure vessels, burner conversions and code piping.	New Boiler Installations	Boiler controls	San Francisco Bay Area	Pete Ellery Vice President (510) 786-3711 pellery@baycityboiler.net www.baycityboiler.com
		Energy efficiency upgrades	Feedwater Economizers	San Joaquin Valley	
		Low NOx Burner Conversion	SCR	Sacramento	

Company		Highlighted Technologies/Specialties		Areas Served	Contact
Benz Air Engineering	Benz Air Engineering has been retrofitting boilers for 20+ years. In over 200 installations we have demonstrated the successful combination of NOx reduction through efficiency gains. Our projects consistently provide short paybacks and low emissions. Recent developments resulted in boilers operating at >94% efficiency and < 5ppm NOx emission.	Control system retrofits for BMS and CCS Air-preheaters Plant optimization software	Condensing Economizers SCR catalyst systems Continuous Emission Monitoring Systems (CEMS)	United States	Marcel Staedter Director of Engineering (512) 968-6176 mstaedter@benzaireng.com
Caloris Engineering	Evaporator and Spray Dryer specialist focusing on overall plant efficiency, process efficiency, retrofit of existing Evaporators and Spray Dryers, and providers of new Evaporators and Spray Dryers.	MVR Evaporation Energy Surveys	Hi-Concentrators	California	Jeff Podesto (209) 531-5056 jpodesto@calorisengineering.com
Cannon Water Technology	Cannon Water Technology Inc. is your first stop for industrial and processed water treatment equipment, chemicals, services, chemicals and training. We have over 30 combined years of experience in the industrial HVAC water treatment community and can get your needs met at lower cost with faster results.	Water treatment equipment	Water treatment services	California	David Cannon (916) 315-2691 sales@cannonwater.com  cannonwater.com
Central Boiler & Industrial Service	CBIS, a branch office for Southern California Boiler, is a California State Licensed Contractor. We provide full-service boiler repair, service, sales and rentals 24 hours a day, 365 days a year.	Boilers & boiler accessories Water treatment Fluid dynamics	Burners Controls Industrial water heaters	Central and Southern California	(209) 549-1889 sales@centralboilerservice.com www.centralboilerservice.com
CHC California Hydronics Corp.	California Hydronics Corp was founded in 1957 by Thomas E. Brewer, John W. Littleton, and Milton P. McLeod to serve the mechanical trades industry as a Manufacturers' Representative dealing primarily in hydronic heating equipment, steam components, heat transfer equipment, and plumbing accessories.	Hydronic heating equipment Heat transfer equipment	Steam components Plumbing accessories	Pacific Northwest	(510) 293-1993 sales@calhydro.com www.chchydronics.com
Clayton Industries	Since its inception on October 20, 1930, Clayton Industries has established a world-wide reputation as a leading manufacturer of equipment for industrial process steam generation—both fired boilers and unfired waste heat boilers. Their unique controlled circulation, counter-flow design offers many operational advantages and benefits over conventional boilers.	Steam generators Waste heat units	Fluid heaters Feedwater systems	Worldwide	(800) 824-3118 sales@claytonindustries.com www.claytonindustries.com
Coen Company	Founded in the state of California in 1912, Coen Company, Inc. specializes in the design, manufacture, service and maintenance of combustion systems. With over 90 years experience and a world expansive resource network, Coen is an industry leader meeting customer demand with improvements in energy efficiency, environmental quality, fuel flexibility and system reliability.	Industrial boiler burners	Industrial steam generation	California	(650) 522-2100 sales@coen.com www.coen.com
Controlco	Controlco is California's premier distributor of automation systems for a broad spectrum of industrial and commercial clients. With state-of-the-art products and a full suite of value-added services, we offer a total solution for your automation needs. Since 1958, we have provided hundreds of clients with a thorough offering of controls, instrumentation, and software to suit their needs.	System integration Combustion control	Building automation Industrial automation	California and Nevada	(800) 800-7126 sales@controlco.com controlco.com

Company		Highlighted Technologies/Specialties		Areas Served	Contact
Cti Controltech	Today CTI's expertise has expanded beyond burner management and combustion control into other areas of process control in industries such as; Refining, Power (including renewable such as Geothermal and Solar), Food, Specialty Chemicals, Mining, Semi-conductor, and OEMs.	Burner controls  Industrial controls	Boiler controls	California	(925) 208-4250 contactus@cti-ct.com www.cti-ct.com
Energy Resources Corporation	Energy Resources is a Boiler, Burner, and Controls Company that has been successfully serving the greater SJV with a combined experience of over 60 years. We offer a variety of equipment related to steam, hot water, drying and controls. From Boilers and Tankless Water Heaters, to Ultra Low Nox Burners of all types, to Pumps and PLC Controls to suit the needs of any size facility.	Boilers  Controls	Burners	California	(559) 438-4383 jconder@ercorp.com www.ercorp.com
Garratt-Callahan Company	Servicing boilers since 1904, Garratt-Callahan's water treatment programs control scale, corrosion, and sludge build-up not only on heat transfer surfaces but throughout your boiler systems. Designed to maintain both steam purity and steam quality, our programs help reduce your energy and maintenance costs while maximizing the life and efficiency of your equipment.	Scale Inhibitors  Certified Lab Analysis  Process Efficiency Software	Corrosion Inhibitors  On-Site Training  Pumps and Controllers	United States	Michael Scholnick Sr. Product Manager, Boilers (650) 697-5811 mscholnick@g-c.com www.g-c.com
Honeywell	Honeywell is a Fortune 100 company that invents and manufactures technologies to address tough challenges linked to global macrotrends such as safety, security, and energy.	Boiler controls	Burner controls	Worldwide	(877) 841-2840 www.honeywell.com
Johnson Burners	S.T. Johnson Company is an industry leader in providing reliable and innovative combustion solutions to industrial and commercial users.	Burners	Low NOx Burners	California	Todd Cole (510) 652-6000 ext. 300 tcole@johnsonburners.com johnsonburners.com
Miura North America, Inc.	Miura offers an innovative compact modular boiler design focused on energy efficiency & reduced environmental impact.	Compact Modular Package Boilers  Remote online monitoring system	Low-NOx Boilers  Ultra Low-NOx Boilers	United States	Miura - Los Angeles Sales / Support: Mario Medina Primary Contact (626) 305-6622 (626) 305-6624 (fax) mario.medina@miuraboiler.com
Monterey Mechanical Company	Monterey Mechanical Co. is a mid-sized industrial contractor and metal fabricator	HVAC  Nox control	Industrial maintenance  General engineering construction	California	(510) 632-3173 www.montmech.com
Nationwide Boiler Inc	Based in Fremont, California Nationwide Boiler Inc. provides low NOx SCR systems for boilers and economizers for fuel efficiency. We have an industrial installed base of over 60 units in CA.	CataStak™ SCR Systems (<2.5 PPM NOx)  Feedwater Systems  Blowdown Heat Recovery	EconoStak Economizers  Deaerators  Control Systems	United States	Larry Day Vice President, Sales (800) 227-1966 lday@nationwideboiler.com www.nationwideboiler.com

Company		Highlighted Technologies/Specialties		Areas Served	Contact
NMI Industrial	NMI Industrial has extensive expertise in Food Processing and Aggregate Plant Design, Build, Install, as well as Electrical, Pipes & Piping, Project Management, and Safety Management.	Electrical Project management	Pipes & piping Safety management	United States, primarily California	Scott Chastain (916) 615-6517 scott.chastain@nmiindustrial.com www.nmiindustrial.com
Pacific Insulation Company	Pacific Insulation Company offers quality pipe insulation, air handling insulation, fire barrier insulation, board insulation, blanket insulation, insulation adhesives, mastics and sealants.	Insulation		California, Arizona, Nevada	(310) 834-8275 carson@pacificinsulation.com www.pacificinsulation.com
Pacific States Felt & Manufacturing	Pacific States Felt & Mfg. Co., is a LEADER in the GASKET industry. We die cut non-metallic materials into a wide range of Custom Parts to satisfy your needs.	Gaskets		California	(800) 566-8866 sales@pacificstatesfelt.com www.pacificstatesfelt.com
Parker Boiler	Parker Boiler manufactures steam boilers, condensing boilers, hot water boilers, thermal liquid heaters, indirect water heaters, low Nox burners, water softeners, feedwater return systems, feedwater deaerators, blowoff tanks, storage tanks and boiler room accessories.	Steam boilers Hot water boilers	Condensing boilers Thermal liquid heaters	United States	(323) 727-9800 sales@parkerboiler.com www.parkerboiler.com
Ray Burner Company	Advanced design unitized combustion systems for application to scotch marine, water tube cast iron, or firebox boilers for pressurized or balanced draft operation.	Power pressure burners	Air atomizing burners	California	(510) 236-4972 rayburner@rayburner.com www.rayburner.com
R.F. MacDonald Co.	We have been in the boiler business since 1956. We provide application assistance, new boilers, installation, upgrades and services. Markets served include schools, hospitals, commercial buildings, Hi-tech, food processing and pharmaceutical.	Fire and Water Tube Boilers Thermal Fluid Emission Monitoring	Feedwater Systems Copper Fin Tube Low NOx Burners	California Western Nevada	Jim MacDonald President (510) 784 - 0110 jim.macdonald@rfmacdonald.com www.rfmacdonald.com
San Jose Boiler Works Inc.	Since 1922 we have been actively involved in all aspects of boiler & boiler related equipment. Specializing in Low NOx and high efficiency boiler equipment. Our services include Sales, Service, Parts, Repair & Code Welding.	Boilers Burners Pumps Tanks	Parallel Positioning Touchscreen VFD's O2 Trim Systems	Northern California	Steve Ocampo (408) 295-5235 steve@sanjoseboiler.com www.sanjoseboiler.com
Ship & Shore Environmental, Inc.	Ship & Shore Environmental specializes in the design of energy efficiency solutions for combustion equipment and air pollution abatement systems for manufacturing operations. Their team of engineers, technicians and fabricators work together to provide a complete solution from initial evaluation to development of energy efficient designs, fabrication, installation and service.	Condensing Economizers Boilers Low-NOx Burners Air Pollution Abatement Equipment Catalytic Oxidizer	Economizers Heat Exchangers VFDs Thermal Oxidizers Concentrators	North America	Anoosheh Mostafaei President (562) 997-0233 anooshehm@shipandshore.com  John von Bargaen Vice President jvonbargaen@shipandshore.com  www.shipandshore.com
Sidel Systems USA Inc.	We have been in business since 1978 and installing the Sidel SRU flue gas condenser since 1982.	Sidel SRU flue gas condensers/ condensing economizers.		United States	Sid Abma President (805) 462-1250 (800) 668-5003 SidelUSA@aol.com  www.sidelsystems.com

Company		Highlighted Technologies/Specialties	Areas Served	Contact
Southern California Boiler	Southern California Boiler provides full-service boiler repair, service, sales and rentals 24 hours a day, 365 days a year. In addition, we are the Southland's premiere representative for Power Flame, Rite, Alzeta, The Schebler Co, Vapor Power, AHC, Hurst Boiler, Unilux Boiler and Industrial Steam Equipment.	Boiler sales                      Boiler service	California	(209) 549-1889 www.socalboiler.com
Spirax Sarco	Spirax Sarco provides knowledge, service, products and turnkey solutions for the control and efficient use of steam, air and other industrial fluids for industrial and commercial users in the United States.	Steam traps                      Controls Heat exchange solutions                      Clean steam	United States	(800) 575-0394 insidesalesleads@spirax.com www.spiraxsarco.com/us/
